## A Word From Pastor Chuck

Echoing St. Paul's words in his letter to the Ephesians, I want to thank God for you, constantly praying for you, (and Cara and I have raised you up to God regularly in our devotions each morning), because of who you are as God's Church. I have truly enjoyed serving as your interim pastor because of who you are, a church reaching out with the good news of Jesus into your community and beyond. As we look to June let me share with you these reflections:

Church attendance is on the rise as the pandemic realities of last fall loosens their grip on our life together. As we move into summer, let me encourage you to make worship a priority. I know summer is short in North Dakota and certainly I, with you want to enjoy the outdoors as much as possible, but our life with God depends on worship and our souls long for that regular connection with God. In terms of covid protocol, the church council in line with North Dakota CDC recommendations has made mask wearing optional at worship following vaccination guidelines. Following Jesus command to "love one another", we still want to be aware of people who need or choose to wear a mask for health concerns and make our neighbors health a top priority as we worship together. If you are helping as a server at communion, we will still ask you to wear a mask, as we want to remain as welcoming and as safe as possible for all people who come to worship. Thank you for your care and concern for others as we move towards "normalizing" worship.

Beginning June 6th, we will focus on the theme of transformation in worship. The worship team has been planning a sermon series on this theme that is central to who

we are as God's people. Romans 12 says it this way, "Present your bodies as a living sacrifice to God; Do not be conformed to this world, but be transformed by the renewing of your minds so you might discern what is the will of God for you". With that in mind, we look forward to seeing you in worship!

With things moving back towards normal, a team of United's members have met and been commissioned in worship on May 23rd as a visitation ministry team. The visitation ministry is comprised of the pastor along with lay members who have a heart for outreach through visitation. In visiting shut ins, the grieving, the aging and others who are otherwise limited in church attendance, we plan to offer communion, fellowship, prayer and a connection to God's church through our visitation ministry. Please pray for this team of dedicated owners of your church and let us know of people you are connected to, that should be on our visitation list.

I want to cheerlead and otherwise encourage parents of children to consider signing up for VBS that starts June 1-3. As Jesus said, Let the children come to me and do not hinder them for to such as these belongs the kingdom of God".

And finally, I want to say thank you to all of you have been an owner in the mission and ministry of God's church here at United.

Thank you to all who participated in the clean-up day at church and the parsonage. Taking care of your church home is a blessing to your church.

# Haiti Update

United Lutheran Church has been involved with Seeds of Support: Mission Haiti since February of 2013 when six members of United Lutheran and Pastor Bob Bekkerus traveled to Pasquette, Haiti with Seeds of Support. As a result of that experience, United Lutheran has continued an ongoing relationship with SOS: Haiti and with our sister congregation, Redemption Lutheran, in Pasquette.

In collaboration with the members of Redemption Lutheran, those who travelled to Haiti in the past have worked with children's activities, built a multipurpose shelter and installed solar panels on the roof of the church/community center built with Lutheran Disaster Relief funds. United Lutheran trip participants and the mission funding of our congregation has helped the community build a bakery and dig a well. Since there was no electricity in the village, the installation of three solar panels on the community center roof has opened many doors. The electricity enabled young members of Redemption Lutheran to start a business training center and vocational school because they can charge their computers. After the sun goes down, the village's high school students are able to do homework under the lights installed in the community center.

In spite of not being able to travel to Haiti and Pasquette for more than two years, the work of the mission with Redemption Lutheran has continued. In the two years since our last trip, the community has built a cement block water tower which supplies clean water from the well to the community. Church leaders have asked for assistance in providing on-line workshops on church and community leadership. A community garden is currently being planned for the land surrounding the church/community center and an expansion of solar power to the entire community is envisioned. Recently, friends and supporters of SOS have raised more than \$10,000 to help our translator, Kerlange, and her family to begin building their own house.

Kerlange's response to receiving this gift was this:

*Life in Haiti today is very difficult. Why? There's lots of corruption, vulnerability to natural disasters, resurgent gang violence, and disproportionate use of force by police against protesters. There are very few job opportunities. It's a sad story for us. We must not lose our faith. God's always in control! I want to say a great big thank you for all that you do to help our community. I want to express how deeply my experience with the mission has touched my heart. It would take me all day to explain all the blessings God has poured on me through the work of the Seeds of Support Missions. You have provided me with a job opportunity in a country that is jobless. Financially you've all supported me when I was ill. That too is a blessing. My prayer is that the mission will be blessed with an overflow of support that will enable it to continue God's work and to have the resources to enable Seeds of Support Missions to open the eyes of everyone whose heart you touch, bringing glory to God. You are changing lives every day! Continue in God's work. Thank you for all that you have done for me and all the lives you touch in Jacmel (Pasquette) and Haiti.*

The participation in this mission has given our congregation a first hand connection to the people of Redemption Lutheran. Through the eyes of our fellow congregants, we have gotten to know personally our brothers and sisters in Christ, to understand their struggles and to commit to our promise to not forget them in prayers nor in our continued support for God's work in Pasquette.

Bondye bèni nou! (God bless you.)

If you ever want to talk about God's work in Haiti, I am always ready to share how our work there makes a difference in the lives of our friends.

Janet

## Roof Project

Council has approved repair of the leaky roof; covering the fellowship hall, narthex, offices, kitchen, restrooms and front entry. The bid includes building a pitch on the low areas of the roof allowing appropriate drainage and additional insulation. Cost of the project is \$28,420. A special offering will be collected to help raise funds to repair this ongoing issue. To give an offering, simply indicate on the memo line of your check or envelope. Thank you to those that have given so far; \$12,300 has been raised!

## A Word from Pastor Chuck

(continued from page 1)

Thank you to all the teachers who plowed through a challenging year teaching the word of God to children. You are fulfilling your call to go and make disciples.

Thank you to the visitation team for stepping up into that ministry. When we bear one another's burdens we fulfill the law of Christ.

Thank you to the quilters who bless people within our congregation and to the far places that the quilts get sent through Lutheran World Relief...you bless many with your gifts.

Thank you to the property team who does much "behind the scenes" keeping church grounds, building and parsonage up to par. And on that note, if you have not already done so, please consider a gift to support the roof project that is underway.

Thank you to the leadership of the church council for the sake of United's vision, mission and ministry.

Thank you to the worship team leaders, musicians, vocalists, projectionists and online worship volunteers who provide leadership and support as we worship God together every week. I know your ministry makes God smile!

Thank you to the faith and care groups that provide scripture readers, ushers, and other hospitality for the good of the body of Christ at our church.

Thank you for being the church God calls you to be and taking the reigns of ownership when you are called upon to do so. It's what makes United Lutheran a great church.

## Covid Updates

Council met on May 17 and has updated a few of the Covid-19 policies. Coffee has resumed and food may be offered/served. Masks are optional, (we ask that everyone respect others decisions with face coverings), still refraining from handshakes and passing offering plates. We will have continuous communion, although servers will continue to wear face coverings and gloves during distribution (we will be receiving the wafer in our hands instead of placement on the railing). We will continue to be ushered out following worship services.

## Senior Graduates

We honored our ULC high school graduates on May 16. They were gifted a quilt, hand-made by United Lutheran's quilting group and a cross. Congratulations and blessings to these seniors: Sydney Crockett, Payton Henderson, Kaylee Lowery, Grant Romfo, Simon Romfo, Daniel Hart, Isak Dease and Lexis Olson. # Summer Series

Summer worship at United Lutheran will focus on the biblical theme of Transformation. As scripture reminds us, "Therefore, brother and sisters, in view of God's mercy present your bodies as living sacrifices, holy and pleasing to God. This is your true and proper worship. DO not be conformed to this world but be transformed by the renewing of your mind. Then you will be able to know God's will for your life". (Romans 12:1-2) God is at work in the lives of His people to mold and shape them into who He wants us to be and become...a work of transformation. With that in mind, here are the preaching themes for June.

- June 6 - Transformed: From the Old Self to the New You
- June 13 - Transformed: From Chasing It to living Life with God
- June 20 - Transformed: From Apathy to Zeal
- June 27 - Transformed: From self-reliance to faith

# Call Committee Update

The ULC Ministry Site Profile has been finalized. If the synod feels an interested pastor may be a good fit for United Lutheran, that pastor will receive our profile and we will receive a profile of the pastor. If the Call Committee is interested in the pastor, an interview will be set up. Now we wait for this next step to happen.

# Visitation Ministry

The visitation ministry group has reformed since covid and was commissioned on May 23 during the worship service. Please pray for this team of dedicated owners of your church and let us know of people you are connected to, that should be on our visitation list. If you want to be part of this group, please let Pastor Chuck know.
